ANIMALS IN ART

The Wendell Chamber of Commerce and the Wendell Woman's Club present the

Visual Art Exhibit "Animals in Art - for the SPCA"

Art and animal lovers alike won't want to miss this exciting event! The theme "Animals in Art" was chosen to help raise awareness of the SPCA of Wake County and all of the wonderful animals available for adoption. Original, two dimensional, fine art pieces of "companion animals" will be on display and many available for purchase.

Free to the public, the opening reception and awards ceremony will take place Friday, January 22, 2010 at 6:00 pm, with entertainment and refreshments. The exhibit will run at the Wendell Woman's Club through Sunday, January 24. Winning pieces will then be displayed at the Wendell Chamber of Commerce building throughout the month of February.
